

THURSDAY EVENING, OCT. 16. SUBSCRIPTIONS TO THE EVENING WORLD

(Including Postage):

Entered at the Post-Office at New York as second

eines matter. WORLD UPTOWN OFFICE-1207 BROADWAY.

PHILADELPHIA, PA. - Lapone Building, South Gra st. WASHINGTON - 810 LONDON OFFICE-32 COCKSPURST., ISAPATA GAS SQUATE.

IS THIS BIGHT?

The Board of Education at its meetingyesterday bad under consideration the question of opening the schools at an earlier hour to accommodate the children who have to wait at the gates every morn mg to be let in.

The point has been liberally discussed in THE EVENING WORLD, and the public has probably made up its mind as to what should be done. Every parent certainly feels that the cates should be oven and the children not be forced to loiter in the streets.

It is hard to see how the Board of Education should have found any difficulty in deciding the point, and deciding it in the same way. But through the influence of Here's a chance for Poker Hat. three School Commissioners action of this important point, which should be

School Commissioner EDWARD J. H. TAXSEN was one of those whose objections to opening the school gates earlier caused the delay in settling this simple white china you must not despair.

put in the responsible position in regard them by twining them around the dishes believe in the children being allowed into the schools an hour before they begin.

In answer to the very pertinent question as to whether he "believed" they should be kept exposed to the snow and with flowers. rain of inclement mornings by being ont, this magnanimous School Commissioner gave utterance to this remark: "If they come early in the morning they deserve to get wet!"

Comment is hardly necessary on speech like this from the mouth of a man to whom the public has intrusted its children for education.

It would be well for School Commissioner Tamsen to call to mind that noor people in tenement-houses when they go any personal views of Mr. Tamsen on the subject. The humane will be one of these times. citizen will not regard this as a vicious perversity on the children's part which is well nunished by drenched clothes and numb aching members.

So far Mr. Tameen's efforts in the dis-rector of Grace Church, became the wife of charge of his duty as guardian of the Mr. Jno. K. Mackevzic, of London. As a So far Mr. Tamen's efforts in the discharge of his duty as guardian of the charge of his duty as guardian of the children committed to the city for education have procured an unnecessary delay were rendered, with Jensen's bridal tong and then the "Lohengrin" hunting the state of the state o of a fortnight in settling the simple ques-

Most was tried and convicted by a jury, and Jodge Cowing sentenced him to one again through the notion in health its more should stead, the blood courses again through the notion in health its research the notice of the notice.

condiary speech at hyaemer's Hall Nov. 18, 1857.

Most was tried and convicted by a jury, and Judge Cowing sentenced him to one year's impresentment in the Penitentiary, he had already previously served a year's term in the rame institution for the same offer sea, and the offers was even more activated than the first.

Increase went from the General Term to the Court of Adpeals, where it is now pointing, and if Most thinks that the District Attorney, whem he hopes to win over in his way of thinging, can be valued as easily as he imagine, he may find himself much intetation. taken.

"If the love the so much that they cannot space me, of course, I will have to stay
must the matter is action; but it they have
me I think they will drop all legal proceedings and let me out of the country.

Procklyn Theatres. Webber and Ficials and their excellent specialry company have made a big hit at the tirand Theatre.

The inuscal features in "Natural Gaa" t the Lee Avenue Academy are away above That amusing team, Lester and Allen. are caught on immercally this week at have caught on immercaly Proctor's Save to Theatre

The wonderfully scaling galleping nerve effects. Held by the Enemoy is simply out of sight with the jettons of the Histories's handsome star Theatre. TEN CENTS will pay for a begin a week and a half's couragement at the Academy of Music heat Monday even-

CHICKERING HALL

VALUABLE LECTURE TO MEN An Epidemic of "The Clemenceau Sparkling Bits of Merriment Mrs. Snowdash and Baby Dead By DR. GREENE, OF 35 WEST 14TH ST., NEW YORK.

> and Nerve Strength-Something for Men to Ponder Over and Weigh Well its Meaning.

Dr. Greene, of 35 West 14th st., New York,

very heavy.

Goslin Why. I thought the indebtedness wordshed in the rear of the house and there rower and staming to successfully stuggle with shall have world-in the greatest handrespa man can possibly for a live for the footing debt.

The family lived very quietly in a house Thousands of men of high ambitions involves.

On Monisy Fr. 5. to. When we harfly recently because thy have not the necessary summoned to attend Mrv. Snowdash. He array power and vigor and the physical strengths. found her with her two-day-old baby, suffer- successfully copy with a busy and bustling world. it ing terrible, and discovered that her crit. How many thousands of young men to-day feel thus condition of weekness as abeir greatest obera-She said that she had swallowed a solution book back with keenest regret that they did not made from sniphor materies, but would give make the re-establishment of their health and th their first duty?

She linguisted until the next morning and Green, "are many and varied, but all other causes rous of physical and nervous weakness amonmen so prevalent as the present day. Many a man who had formerly supposed binnels possessed of a per-orini physique and strong and steady nerve Wonders at His Feeling of Exhaustion single, and lack of inclination for physical and intal exertion. Where believe he had a feeling of now has only a sense of woakness, languor, dulness and exhaustion.

> pends upon their clearness of brain and mind, find their mental strength impaired, and their endurancegnd power to work, read, or study diminished Protessional men, students and mechanics often find their power of thought decreased; where formering they could endure many consecutive hours of class inoughts wander, and there is inability to fix the mind for any length of time upon one subject; with this there is an extremely perrous and irritable condition, a dull, cloudy sensation often accom-panied by disagreeable feelings in the head and eyes. " As these symptoms increase there is usually a derangement of the digestics or game, with a gradua failing of strength and weakness, weariness an ings, the vision becomes dim, the memory is im come to weakened after a time that the least excite ment or shock will fush the face or bring on tremor or trembling, often attended by more or les

by exhausted nurrous vitality from those excesse and abuses which must inevitably gradually brea proper strengthening and insignrating remed are used to overcome the weakness and re-establish bealth and strongth. restions entail. Let us now look for the treatment

and core. Being brought in contact with many

of them, is suffering from nervous debility, caused

thousands of sufferers from this disease, as I amin my practice, I recognize first of all that they de-Physician's Deepest Sympathies. rather rather than his blame or censure. Physicians have no right to condemn patients for the result of ignorance. Nother should they consider the dissave too lightly, as do many physicians whose lack of experience and failure to cure such affections lead them to resure putients that the trouble is trivial, and should cause no anxiety whatever. Every sufferer knows that it is no trivial cause which is gradually sapping the fountain of his strength, rendering him persons, week, enervated and enhanced, and his judgment tells him that is is a prostrating disease which has is weakening and energating clutches upon his life. It only rethat it should not be periented, that he is growing

"The New York Freihelt," he said to an more and more debiliated and exhausted every Even no World reporter, "will be suited as, and unless he seeks help from a physician to the needs of American workmen, but the saided and experienced in such affections a desired and experienced in such affections a dewhat size to give. Their own experience in the I have had this plan in my mind ever | treatment of this class of diseases is so limited that since the Socialistic cance has been looking of they snow paractally acting of the proper treatup in Germany, and now that the law which exited me from my netice land is repealed I same laber, as it were, to the weakened and extended the control of the same laber, as it were, to the weakened and extended the control of the same laber.

has public amounterment of his rians will be be made in the next neutro of the Freshest.

Although Most scene to reduce at the prospect of leaving America, and thinks he will have not fittered as a fitter of the second fitters.

again through the system in healthini streams and the sad heart becomes light, while the are lifted from the man, whilen now becomes busy and with hope, happy with bright thoughts and

noble aspirations, the sire indicator of health, alrength and happiness."

In these a vast experience to the treatment of this class of disease. Each the weight of absolutely demonstrated finds to his words, and his long research among nature's vegetable remedies, blases upportant face to the community that thousands of sufferme have been restored by their use to perfec and permanent health and strength, would see tamin indicate that this treatment is a positive see

In no piper class of diseases have the remarkable defects of Dr. Grosson's disposacion in medicines been more marked or more happy in their results. Thorsacales of utherpoy sufferent, whis before using these woundered straining and strength giving termedays, looked forward to a life totally inclosed the training and strength giving the superior and the surface of the sufference and a burden to others, have regalised not extrained to page and the late of the surface and the surface and surface, the late house that heave as a perfect he because the contract of the late of the lat effects of Dr. Groepe's discoveries to medicines bee
